Subject: Gold King mine and Red and Bonita Mine Polreps - update
RednBonitaMine-RmvlEvaluation-Polrep2 12-17-13.docx
Text 8 23 12.doc

Jan and Jeff;

Please prepare a Polrep for Gold King mine (initial / #1) – Removal Assessment Pollution Report, and prepare and updated Red and Bonita Polrep (#3). If your schedules permit, I would like these completed by 9/25 and if this does not work for you please indicate the next earliest date you can provide these.

Use the R n B Polrep as a template for the GK one. The R n B is more involved, so the GK will be shorter for now. I have attached a report that will help with the background on the GK.

Call or email questions. I am in MT through Sat and then traveling to Silverton and Rico next week.

Thank you,

Steve
